

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71****[Airspace Docket No. 99-AGL-49]****Modification of Class E Airspace; Caledonia, MN****AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule.

SUMMARY: This action modifies Class E airspace at Caledonia, MN. A Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) to Runway (Rwy) 31 has been developed for Houston County Airport. Controlled airspace extending upward from 700 to 1200 feet above ground level (AGL) is needed to contain aircraft executing the approach. This action removes the extension to the existing controlled airspace for this airport.

EFFECTIVE DATE: 0901 UTC, February 24, 2000.

FOR FURTHER INFORMATION CONTACT: Denis C. Burke, Air Traffic Division, Airspace Branch, AGL-520, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, Illinois 60018, telephone (847) 294-7568.

SUPPLEMENTARY INFORMATION:**History**

On Tuesday, September 14, 1999, the FAA proposed to amend 14 CFR part 71 to modify Class E airspace at Caledonia, MN (64 FR 49755). The proposal was to modify controlled airspace extending upward from 700 to 1200 feet AGL to contain Instrument Flight Rules (IFR) operations in controlled airspace during portions of the terminal operation and while transiting between the enroute and terminal environments. Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9G dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to 14 CFR part 71 modifies Class E airspace at Caledonia, MN, to accommodate aircraft executing the proposed GPS Rwy 31 SIAP for

Houston County Airport by modifying the existing controlled airspace. The area will be depicted on appropriate aeronautical charts.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation—(1) Is not a “significant regulatory action” under Executive Order 12866; (2) Is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) Does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 95665, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9G, Airspace Designations and Reporting Points, dated September 1, 1999, and effective September 16, 1999, is amended as follows:

* * * * *

Paragraph 6005 Class E airspace areas extending upward from 700 Feet or more above the surface of the earth.

* * * * *

AGL MN E5 Caledonia, MN [Revised]

Caledonia, Houston County Airport, MN (Lat. 43° 35' 47"N., long. 91° 30' 14"W)

That airspace extending upward from 700 feet above the surface within a 6.3-mile radius of Houston County Airport.

* * * * *

Issued in Des Plaines, Illinois on November 16, 1999.

Christopher R. Blum,
Manager, Air Traffic Division.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71****[Airspace Docket No. 99-ASO-22]****Removal of Class E Airspace; Fulton, MS****AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule.

SUMMARY: This action removes Class E5 airspace at Fulton, MS, by revoking the airspace for the Fulton-Itawamba County Airport. The County of Itawamba, MS, has closed the Fulton-Itawamba County Airport. Therefore, the Class E5 airspace for the Fulton-Itawamba County Airport must be revoked.

EFFECTIVE DATE: 0901 UTC, February 24, 2000.

FOR FURTHER INFORMATION CONTACT: Nancy B. Shelton, Manager, Airspace Branch, Air Traffic Division, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5627.

SUPPLEMENTARY INFORMATION:**History**

The Fulton-Itawamba County Airport is within the Fulton, MS, Class E5 airspace area. The County of Itawamba, MS, has elected to close the Fulton-Itawamba County Airport. Therefore, the Class E5 airspace must be revoked. This rule will become effective on the date specified in the “DATE” section. Since this action removes the Class E5 airspace, and as a result, eliminates the impact of Class E5 airspace on users of the airspace in the vicinity of the Fulton-Itawamba County Airport, notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

Class E airspace designations for areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9G dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be removed subsequently from the Order.
